

SEEDTIME

Perpetual Harvest Plans

Here are the first 12 of our Perpetual Harvest Plans for Seedtime Garden Blocks.

They are divided into four primary groups:

Greens

Fruits

Roots & Herbs

Legumes

This makes for very easy crop rotation for those who want to rotate their plans from year to year.

We'll be creating resources on how you can easily set this up for crop rotation. But at it's most simple level you would follow each plan with one from the group below it. For example - if you grew a "Greens" plan in your block the first year, you would follow it by growing a "Fruits" plan in that same block the next year.

Ok, you ready for the plans? You bet! Here's the first version:

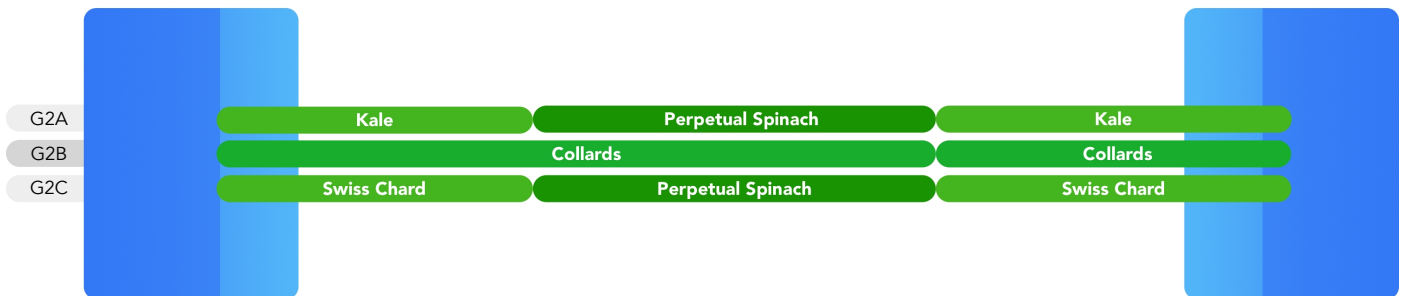

GREENS

Cabbage Broccoli Cauliflower Garden ([watch video](#)):

Kale Collard Chard Garden ([watch video](#)):

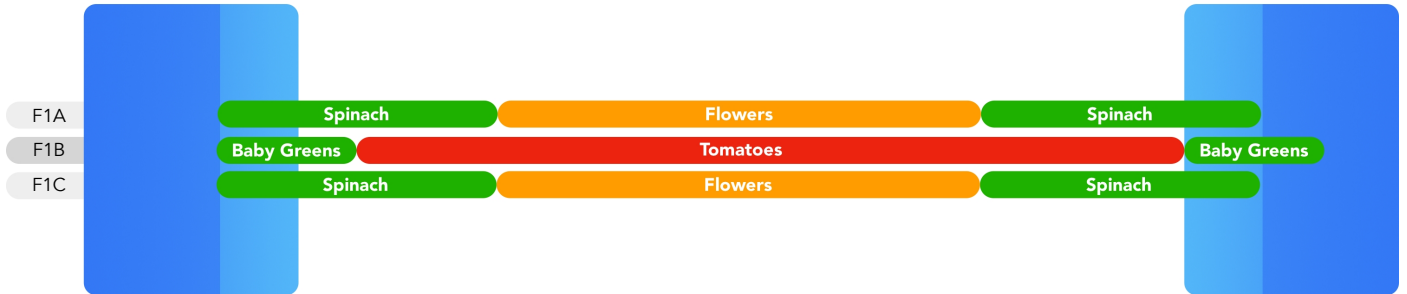

Lettuce Salad Garden ([watch video](#)):

FRUITS

Tomato Flower Garden ([watch video](#)):

Eggplant Bean Garden ([watch video](#)):

Pepper Flower Garden ([watch video](#)):

ROOTS & HERBS

Carrot Beet Garden ([watch video](#)):

Onion Herb Garden ([watch video](#)):

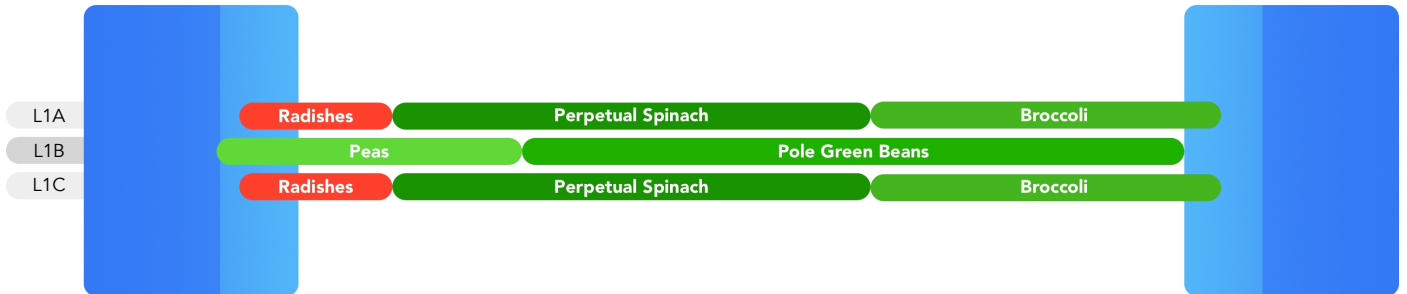

Roots Beans Garden ([watch video](#)):

LEGUMES

Peas Beans Broccoli Garden ([watch video](#)):

Bean Lettuce Cabbage Garden ([watch video](#)):

Peas Peanut Greens Garden ([watch video](#)):

Congrats! You now have 12 Perpetual Harvest Plans you can use and implement in your garden.

We'll be creating more detailed versions of these including specific versions for different growing environments/season lengths, as well as lists of alternate crops that could be grown in each place so you can pick and choose which crops you want to grow with each base plan.

Please give us feedback as you try these out.

That's how we improve and we can't wait to make these even more awesome for you!

Here's what all 12 of these plans look like in four raised beds:
